

Bellevue Union School District Measure J Citizen's Oversight Committee

Annual Report for 2010-11

October 25, 2011

The committee met at 3:00 PM and the Superintendent started with introductions and gave an overview of the Agenda and it was approved with a minor addition to include the election of a committee chair.

There were six members present with no representation from a senior citizen's organization yet due to lack of response from the senior community.

Those present voted unanimously to elect Jack Atkin of the Tax Payer's Association as the chair.

Next order of business the audit report was discussed and along with the committee's responsibilities. The auditor's report was accepted.

It was agreed to reconvene if it was deemed necessary should a senior citizen organization member be identified. It was agreed to meet in one year's time once the auditor's report becomes available.

The committee requests the minutes be posted to the District website.

The meeting was adjourned unanimously.
